

## 2021 University of Michigan EECS 486 Poster Session April 16th, 2021 from 5:00pm to 8:00pm EST

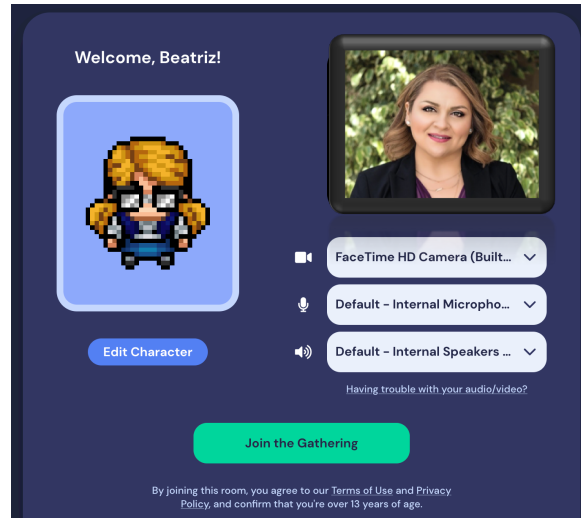

This document contains detailed instructions on how to access and navigate the map and materials for the 2021 University of Michigan EECS 486 Poster Session. Please read through it carefully.

The Poster Session will take place in the Gather.Town platform. You can access the poster room by following this link: <https://gather.town/i/MR3hhVEO> Password: gobblue

- Gather.Town is supported on Chrome, Firefox, and Desktop Safari (in Beta).
- When Gather.Town is open in a tab in your web browser, you are streaming your video and sound.
- We strongly encourage you to try entering the poster room prior to the official Poster Session to ensure that your audio and video are functioning properly. You can join the room at any time by clicking the link above.
- We strongly recommend that you use headphones.
- You may encounter problems entering the room if you do not allow the browser to access your camera. Please initially allow this access, and then you can always disable the camera on your toolbar once in the meeting.
- If you encounter **A/V issues**, get some guidance [here](#) first. If the linked content does not address your issue, then email your issue to **support@gather.town**.
- When you approach an interactive object (posters, directories), press “x” to interact.
- Hold “g” for Ghost Mode. This allows you to walk through other people in case you get stuck.
- Hold “command” and click “+” and “-” to zoom in and out in the Gather environment.
- You can switch to Gallery Mode by clicking the double down arrow at the top of the screen. This will allow you to see larger images of the people you are talking to. Please note that you will not be able to interact with posters or objects while in Gallery Mode.
- Please enter your full name and affiliation when joining the Gather space.

Entering Gather.Town:

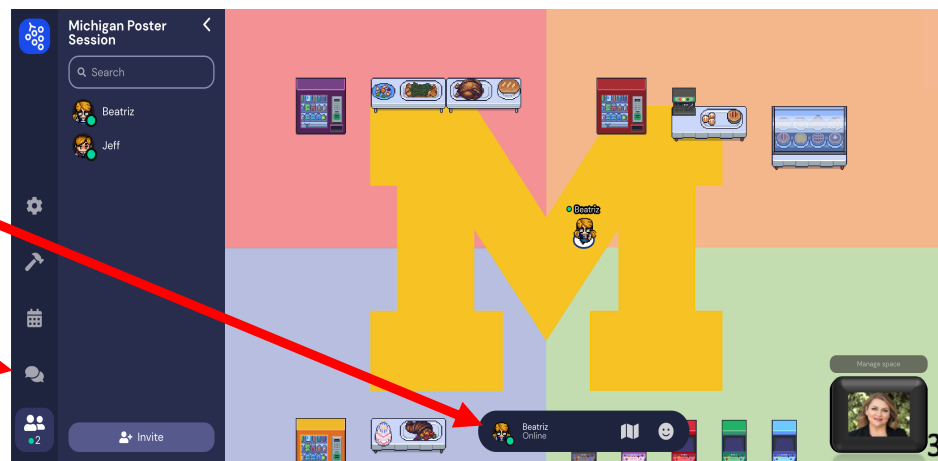

Camera features that allows you to show off your face and give it a more interpersonal feel to your experience.

#### Tool Bar Features:

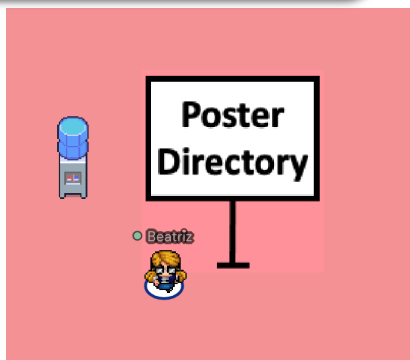

- Customize your character
- Mini map
- Interaction Distance from other attendees
- Microphone/Video

#### Tool Bar Features:

- Direct Message with other attendees

The Poster Directory will provide a list of posters and their location. Approach the directory and when you press "x" (make sure it's lower case) the full directory will pop up.

## Poster Boards:

Each poster board has a poster preview feature when your character gets near the poster. When you press “x” (make sure it’s lower case), the full poster pops up for your review. All posters have a “private space” around them, so that when you stand near the poster, you’ll only be able to hear and interact with others around the same poster.
